- SQL
- NoSQL
- Swagger (API)

Networking

DevOps

- Git
- RH Openshift
- Argo CD
- Jenkins
- AWS
- Docker
- Heroku

Principles

- Slack, G-suite
- Standups
- Retrospectives
- Demo's/Workshops
- Design Thinking
- Presentations,
documentation...

WE BELIEVE IN THE POWER OF DESIGN

Kargo is the leader in **innovative advertising** solutions.

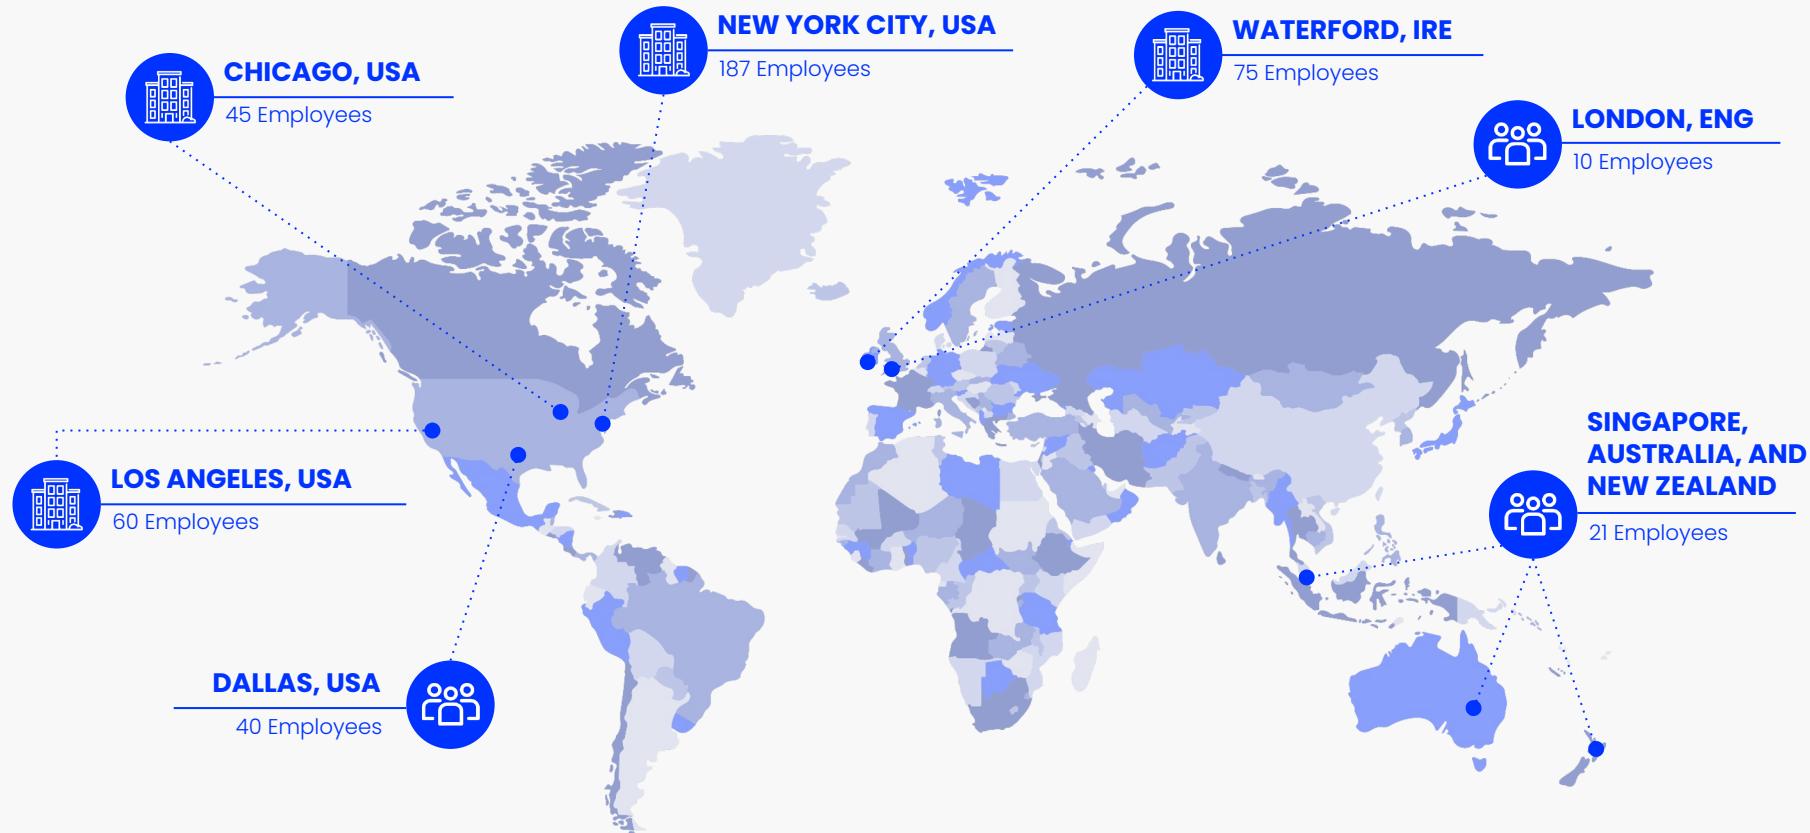

We use **creative science** to deliver extraordinary outcomes for businesses on **mobile, video** and **social publishers**.

We provide brands with a **premium platform** to deliver the most high-end, **performance-optimized creative** in the world.

We are building an omnichannel advertising suite to drive foot traffic, eCommerce and higher return on ad spend (ROAS) for retailers.

AROUND THE GLOBE

WHAT WE DO!

DELIVER MEMORABLE DIGITAL ADVERTISING AND CONTENT EXPERIENCES

We work with publishers to provide their properties with **performant** ad experiences that **improve** user experience.

Properties such as:

- websites
- video players
- smart TV home screens
- etc.

We work with advertisers to build **eye-catching** ad experiences that provide more **awareness** for their **Brand**.

For examples, see
<https://demo.kargo.com>
